ABOUT ME

As a driven and creative professional, my passion for technology and problem-solving fuels my career. I specialize in identifying opportunities to integrate automation, streamline operations, and enhance efficiency. With a strong commitment to driving digital transformation, I leverage cutting-edge technologies to solve complex challenges, optimize processes, and accelerate business growth in today's fast-evolving IT landscape

WORK EXPERIENCE

SOFTWARE ENGINEER | APR 2024 - PRESENT

VAT IT (PTY) LTD

Designed and developed Spring Boot microservices to support scalable, distributed systems with a focus on performance, security, and maintainability.

Implemented Selenium microservice for automated invoice submissions on the UAE Tax Portal, ensuring the robustness and reliability of the application.

Client Facing front-end Angular web applications experience.

Collaborated with cross-functional teams to align development with backend microservices, optimizing application performance and functionality.

AUTOMATION & SALESFORCE DEVELOPER | JAN 2023 - MAR 2024

VAT IT (PTY) LTD

Spearheaded RPA and Salesforce initiatives within Agile environments, significantly boosting operational efficiency through automation and tailored feature development.

Utilizing Power Platform, Flow Gear, and Automation Anywhere for process optimization, data integration, and automated report generation, resulting in a marked decrease in manual tasks and enhanced inventory management.

In-depth analysis to identify automation opportunities, collaborating with stakeholders to refine workflows, and calculating ROI to support strategic decisions.

Enriching Salesforce functionality and resolving complex issues through the implementation of flows, Apex code, and validation rules, ensuring robust system performance.

1. Successfully automated an HR ticketing system for a 1000-employee organization using MS Power Apps, Power Automate, and SharePoint lists, incorporating intricate canvas apps and maintaining data confidentiality.

2. Developed web scraping automation tools for tax portal interactions, improving reliability and speed in communications and reporting with tax departments.

3. Implemented ETL processes for document retrieval from AWS and Azure, coupled with ROI report generation and bot activity tracking analytics.

4. Salesforce Flows, Apex updates, lightning Web Component updates and setup of External service API Integrations

TO WHOM IT MAY CONCERN

Re: LETTER OF RECOMMENDATION

Further to the above, I hereby recommend Mr. Ryan Stenning as a prospective job candidate.

Ryan completed his work experience with *Gordon Fleming & Associates* in July of 2022. He worked under the supervision of professional engineers and completed various tasks such as CAD design and detailing, site inspections and measurements, structural load analysis and rational assessments. Ryan showed excellent organizational and communication skills, developing a good rapport with the team with his outgoing, proactive nature. Ryan always proved his ability to work independently and showed initiative by asking good questions and developing his solutions to problems found whilst working.

Ryan would be an asset to any employer, and I recommend him for any endeavor he chooses to pursue.

Please feel free to contact me should you require any further information.

Trusting the above is sufficient.

Yours faithfully,

MARK SNYMAN

Feedback on Ryan Stenning – Grade 11CA

Work experience

Ryan was exposed to the following tasks during his time with Moore Stephens:

Independent Contractors

- Trace to bank statement
- Obtain appointment book and confirm appointments made for selected contractor
- Obtain invoice relating to this amount

Employee Costs

- Inspect employee file for ID of employee

Interest income

- Inspect bank statement – note amounts and details

Revenue

- Trace to bank statements

Further Comments

Ryan is a pleasure to work with, he has a very sharp mind and asks interesting questions. During his time with us I noted that he is very clued up with many current affair matters ranging from business to politics. He was able to hold good conversations and provide valuable input. He has a bright future ahead of him in which ever career path he chooses, his excellent people skills and warm personality sets him at a cut above the rest.

Comments on the program

I feel this program is an excellent idea as it helps scholars to get a glance into the day of the life of a person who is in the profession that they wish to follow. This allows them to gauge if this is what they want from a career.
